Jika Anda benar-benar ingin melakukan sesuatu, Anda pasti akan menemukan jalannya

Anda seharusnya tidak pernah takut untuk memberikan kesempatan bagi diri sendiri untuk menjadi semua hal yang Anda mampu. Jika anda pikir jika anda tidak cukup baik, teruslah mencoba dan anda akan terkejut akan hasil yang diperoleh. Tak seorang pun dapat berkata bahwa apa yang anda lakukan adalah salah. Setiap orang memiliki impian sendiri, perjuangan sendiri dan jalan yang berbeda.

Di lain waktu, jika anda memiliki keinginan untuk mengeluh, berhentilah dan tanyakan pada diri anda sendiri apa yang sebenarnya yang anda inginkan. Apakah anda hanya ingin mengeluh atau ingin memperbaiki situasi anda? Dalam setiap keluhan adalah keinginan untuk memperbaiki sesuatu, namun dengan mengeluh, anda tidak akan memperbaiki kondisi yang ada. Jadi buatlah pilihan untuk tidak memperparah situasi yang buruk dengan keluhan anda. Pilihlah untuk memperbaikinya dengan pemikiran positif, gagasan dan tindakan Anda. Jika anda benar-benar ingin melakukan sesuatu, pasti akan ada jalannya. Ingatlah, jika anda tidak pernah bertindak, maka anda tidak akan pernah tahu dan anda akan berdiri di tempat yang sama selamanya.

If you really want to do something, you'll find a way

You should never be afraid to give yourself a chance to be everything you are capable of being. If you think you're not good enough, you'll surprise yourself if you keep trying. No one can ever tell you you're doing it wrong. Everyone has their own dreams, their own struggles and a different path..

The next time you have the urge to complain, stop and ask yourself what it is you truly want. Do you just want to complain or do you want to improve your situation? Somewhere within each complaint is a genuine desire to improve things, but the complaint by itself is never enough to make it happen. So make the choice not to aggravate a bad situation with your complaints. Choose instead to improve it with your positive thoughts, ideas and actions. If you really want to do something, you'll find a way. Remember if you never act, you will never know for sure and you will be left standing in the same spot forever.
